

Windellama Public School

Student Welfare and Discipline Policy

Windellama Public School believes that all students should be able to learn and develop in a safe and secure environment. There is a key understanding that all students have the right to be treated fairly and with dignity in an environment free from disruption, intimidation, harassment, victimisation and discrimination.

Our school's mission is to provide excellence in education, empowering students to achieve their potential, within an engaging, caring and inclusive environment. We aim to support students in becoming self-directed, responsible, lifelong learners who can create a positive future for themselves and for the wider community.

To achieve our mission, we aim to provide a safe, supportive and respectful, teaching and learning community that promotes student well-being. A strong emphasis is placed on positive, proactive whole school practices that promote a partnership between the school and the community based on shared responsibility and mutual respect.

Windellama Public School is committed to maintaining high standards of positive student welfare practices and effective discipline, working with our community to maximise the success of every student.

In addition, the Wellbeing Framework is a vital part of our student welfare philosophy and highlights the importance of implementing strategies that support the whole child. The Wellbeing Framework states:

“The concept of wellbeing and its close links with learning are not new. A wealth of evidence is available to inform educators of this important relationship in the work they do every day with students, from preschool students beginning their education journey, to senior students preparing for further education, employment and adult life.

In recent years however, there have been changes to how children and young people learn and how teachers teach. The school environment, and the world in which our children and young people will grow and function, continue to change. We need to be responsive to numerous influences as we deliver public education now and into the future.

There is a heightened awareness of, and commitment to, personalised and differentiated learning and support for every student to succeed. There is targeted support at the system and school levels so that where a child or young person lives and goes to school does not shape their learning outcomes.

In this context, our understanding of wellbeing needs to be contemporary and forward-focussed. An individual's wellbeing is constantly changing. How students feel about themselves and their own wellbeing changes over time, in different situations and circumstances, and in response to community and environmental factors. Wellbeing, or the lack of it, can affect a student's engagement and success in learning. Educators need to understand the potential wellbeing has to bring about positive change, what is required to foster wellbeing, and how it can become a powerful force in students' learning and development.”

The Wellbeing Framework for Schools

ENABLE

The school environment is pivotal to the growth and development of our most important assets- our children and young people. Our schools strive for excellence in teaching and learning, connect on many levels and build trusting and respectful relationships for students to succeed.

Learning Support Team

The school Learning Support Team (LST) consists of all staff and meet on a fortnightly basis. There is a referral form which staff complete when concerns about a student's wellbeing arise. These are prioritised and an agenda is generated where the referring teacher explains the concerns and a discussion follows, including an action plan, the stakeholders involved and any follow up necessary. The LST coordinator ensures the team is kept informed of the progress of support offered.

School Counsellor

The school counsellor is available to support student's wellbeing in the many facets of school life. Staff and parents are able to refer a student and are responsible for completing the referral form which is then prioritised. Senior primary students may self-refer.

Department of Education - Behaviour Code for Students

NSW public schools are committed to providing safe, supportive and responsive learning environments for everyone. We teach and model the behaviours we value in our students.

In NSW public schools students are expected to:

- Respect other students, their teachers and school staff and community members
- Follow school and class rules and follow the directions of their teachers
- Strive for the highest standards in learning
- Respect all members of the school community and show courtesy to all students, teachers and community members
- Resolve conflict respectfully, calmly and fairly
- Comply with the school's uniform policy or dress code
- Attend school every day (unless legally excused)
- Respect all property
- Not be violent or bring weapons, illegal drugs, alcohol or tobacco into our schools
- Not bully, harass, intimidate or discriminate against anyone in our schools

Schools take strong action in response to behaviour that is detrimental to self or others or to the achievement of high-quality teaching and learning.

Behaviour Code for Students: Actions

Promoting the learning, wellbeing and safety of all students in NSW public schools is a high priority for the Department of Education.

We implement teaching and learning approaches to support the development of skills needed by students to meet our high standards for respectful, safe and engaged behaviour.

Respect

- Treat one another with dignity
- Speak and behave courteously
- Cooperate with others
- Develop positive and respectful relationships and think about the effect on relationships before acting
- Value the interests, ability and culture of others
- Dress appropriately by complying with the school uniform or dress code

- Take care with property

Safety

- Model and follow departmental, school and/or class codes of behaviour and conduct
- Negotiate and resolve conflict with empathy
- Take personal responsibility for behaviour and actions
- Care for self and others
- Avoid dangerous behaviour and encourage others to avoid dangerous behaviour

Engagement

- Attend school every day (unless legally excused)
- Arrive at school and class on time
- Be prepared for every lesson
- Actively participate in learning
- Aspire and strive to achieve the highest standards of learning

The principal and school staff, using their professional judgment, are best placed to maintain discipline and provide safe, supportive and responsive learning environments. The department provides a policy framework and resources such as Legal Issues Bulletins, access to specialist advice, and professional learning to guide principals and their staff in exercising their professional judgment. In this context the NSW Government and the Department of Education will back the authority and judgment of principals and school staff at the local level.

Consequences for Serious Behaviour or Continued Inappropriate Behaviour:

Consequences for serious behaviour will be applied following an investigation into an incident or a review of data that indicates a pattern of concerning behaviours.

Suspensions

When making a decision to suspend a student, the Principal will follow the procedures consistent with the Department of Education and Training: *Procedures for the Suspension and Expulsion of School Students Policy*.

Suspensions involve students being excluded from attending the school for a specified period of time, as decided by the Principal. During the suspension period, the school will review and plan appropriate support required for the student to accommodate a successful return to school. The student should complete set work as provided by the school, under the

responsibility of parents/carers. A suspension resolution meeting must be held prior to the student returning to school.

The school can issue two types of suspension, depending on the guidelines relating to the severity of the behaviour demonstrated. These types of suspension are:

1. Short Suspension of up to 4 days
2. Long Suspension of up to 20 days.

Note: The Principal must report such incidents that involve assaults, threats, weapons, illegal drugs and criminal activity to the School Safety and Response Unit. Principals are required to report inappropriate behaviour that includes: possession/use of weapons, fights or threats, reports of serious cyberbullying, or threats made over other telecommunication devices. Where the behaviour exists out of school hours and is deemed as possibly having a harmful effect on staff and students, the principal must notify police and take appropriate disciplinary action, including notifying the School Safety and Response Directorate.

Expulsion:

When making a decision to expel a student, the Principal will follow the procedures consistent with the Department of Education and Training: *Procedures for the Suspension and Expulsion of School Students Policy*.

Expulsions involve students being excluded from attending the school and are not permitted to return to the same school, except under exceptional circumstances (Reference sections 8.1 and 8.2: Department of Education and Training: *Procedures for the Suspension and Expulsion of School Students Policy*). Expulsions are implemented when there are “serious circumstances of misbehaviour” demonstrated by a student.

Policy Information Relating to Suspensions and Expulsions

The following information has been taken directly from the Department of Education and Training: *Procedures for the Suspension and Expulsion of School Students Policy* and provides key information points. Parents/Carers are advised to refer to the complete policy for more information.

Suspension: Key Information Points:

- *In determining whether a student's misbehaviour is serious enough to warrant suspension, the principal will consider the safety, care and welfare of the student, staff and other students.*
- *Suspension is only one strategy for managing inappropriate behaviour within a school's student welfare and discipline policies.*
- *It is most effective when it highlights the parents' responsibility for taking an active role, in partnership with the school, to modify the inappropriate behaviour of their child.*
- *The school will work with parents with a view to assisting a suspended student to rejoin the school community as quickly as possible.*
- *Suspension also allows time for school personnel to plan appropriate support for the student to assist with successful re-entry.*
- *In some cases suspension from school allows the school and government school system time to put measures in place to ensure the safety of students and staff.*
- *For the majority of students, suspension allows time for the student to reflect on their behaviour, to acknowledge and accept responsibility for the behaviours which led to the suspension, and to accept responsibility for changing their behaviour to meet the school's expectations in the future.*
- *Where a student is returning from suspension following an incident that involved violence or weapons, the principal must undertake a risk assessment in order to assess whether the return of the student will pose a risk to staff, students or other persons. The student should not be re-admitted to the school until the issues identified in the risk assessment have been addressed.*

- *The Department of Education and Training Suspension and Expulsion Procedures apply to the behaviour of students at school, on the way to and from school and while away from the school site on school endorsed activities.*

Short Suspension

Short suspensions may be imposed for the following reasons and will be reported in the following categories:

- Continued Disobedience. *This includes, but is not limited to, breaches of the school discipline code such as: refusal to obey staff instructions; defiance; disrupting other students; use of alcohol or repeated use of tobacco.*
- Aggressive Behaviour. *This includes, but is not limited to hostile behaviour directed towards students, members of staff or other persons, including: damaging the property of the school or students; bullying (including cyberbullying); verbal abuse, and abuse transmitted electronically such as by email, SMS text messages or by other electronic means.*

Long Suspension

If short suspensions have not resolved the issue of inappropriate behaviour, or the misbehaviour is so serious as to warrant a long suspension, the principal may impose a long suspension of up to and including 20 school days. In determining if a student's behaviour is serious enough to warrant a long suspension the principal must consider whether there has been:

- Physical violence *which results in injury, or which seriously interferes with the safety or well being of other students and staff (including sexual or indecent assault).*
- Use or possession of a prohibited weapon, firearm or knife.
- Possession, supply or use of a suspected illegal substance.
- Serious criminal behaviour related to the school. *This includes malicious damage to property (school or community), or against the property of a fellow student or staff member on, or outside of the school premises.*

Principals may also impose a long suspension for:

- Use of an implement as a weapon. *When a student uses an implement as a weapon to assault or injure another person (including use of an offensive implement, which is any implement made, or adapted to cause injury to another person).*
- Persistent or serious misbehaviour. *This includes, but is not limited to:*
 - *repeated refusal to follow the school discipline code;*
 - *threatening to use a weapon in a way that might seriously interfere with the safety and well-being of another person;*
 - *making credible threats against students or staff; or*
 - *behaviour that deliberately and persistently interferes with the rights of other students to learn, or teachers to teach, including bullying, harassment and victimisation.*

Expulsion:

In serious circumstances of misbehaviour the principal may expel a student of any age from their school for continued misbehaviour.

Recognising and Reinforcing Student Achievement

In our endeavour to guide students towards self-discipline, the staff will employ consistent and caring behaviour, and use many and varied forms of positive reinforcement. Students should always be commended for doing the right thing, complying with the Behaviour Code for students and displaying the Schools' Values.

The school uses the following formal practices to recognise and reinforce acceptable student behaviour.

- **Class Behaviour Continuum**– Class teachers employ a school behaviour system to reinforce positive behaviour and redirect negative behaviour.
- **Llama Tickets**- Positive behaviour acknowledgments. The Llama tokens are placed in a weekly draw for a recess buy-up voucher.
- **Merit Tokens** – Values awards are presented in all classes each week for effort, performance, citizenship and displaying the school's values. They may be awarded for reaching the highest behaviour on the class continuum or for receiving 10 Llama Tokens
- **Term Assembly** – Students in all classes receive awards based on the school's award system.
- **Annual Presentation** - Recognition of student achievements in all areas of school life. Trophies, book prizes, certificates and medallions are issued to students K-6.

Supporting Positive Behaviour

Supporting positive student behaviour requires a proactive, preventive, student-centred approach. Windellama Public School's Positive Behaviour program is underpinned by the NSW DoE 'Student Behaviour Strategy'.

At Windellama Public School, we strive to ensure positive behaviour is reinforced consistently in both the classroom and playground settings. To do this, we have implemented a Positive Behaviour Matrix and Behaviour Response Matrix. These documents outline the student expectations throughout the school and teacher responses.

Positive Behaviour Matrix

The Positive Behaviour Matrix outlines student expectations throughout the different school settings. The matrix aligns with the Behaviour Code for Students and the school values. This matrix encourages all staff and students to use consistent language across the school to discuss behaviour expectations.

Weekly Behaviour Focus

Each week on a Thursday morning (during a Staff Communication Meeting), a behaviour skill selected from the Positive Behaviour Matrix, will be the focus for explicit teaching and learning within the classroom. All classrooms will have a clearly displayed poster which features the focus for the week.

Behaviour Response Matrix

The Behaviour Response Matrix outlines positive and negative student behaviours throughout the school setting. The matrix aligns with the Behaviour Code for Students and the school values. This matrix provides a guide for teachers responding to behaviours across the school. It identifies and classifies the severity (minor/ major) of potential behaviours and gives teachers strategies to respond.

Classroom Behaviour Program

The Classroom Behaviour Program is based on a whole school approach. It includes a behaviour management flowchart and classroom procedures that align with the Behaviour Code for Students, the school and department core values.

Classroom Readiness Chart

All classrooms across the school will display and use the Classroom Behaviour Chart. This chart reflects the Behaviour Code for Students and the school values. Students are able to move their names up or down on the chart depending on their behaviour in class. Teachers are to follow the instructions and questions on the chart when speaking to students.

Classroom Behaviour Management Flowchart

The Classroom Behaviour Management Flowchart is to be used by teachers to make a decision based student behaviours in their classroom. Teachers are to follow the steps on the chart to ensure consistent practice across the school. All students start on the Ready to Learn portion of the chart. The teacher will indicate whether a student's behaviour has moved up or down throughout the day. The use of the chart is to ensure the student is able to see how their day is tracking and correct their behaviour where applicable.

Positive Reinforcement

The teacher will ensure that a high level of specific praise will be given for all on task, positive behaviour. (See the Llama Ticket and Merit Token incentive programs for further detail).

Minor/ Major Behaviours and Management Strategies

The teacher will ensure high expectations are maintained in the classroom setting, through adhering to the behaviours and strategies found in the Positive Behaviour Matrix and Behaviour Response Matrix. (See the Positive Behaviour Matrix and Behaviour Response Matrix for further detail).

Yellow and Red Management Cards

Yellow Card: If there is a situation not urgent, but that requires assistance please send a child with a yellow card to the office. An available teacher, SLSO or Principal will assist.

Red Card: If there is a situation in the classroom where a serious incident involving violence, extreme aggressive behaviour, weapons, drugs or absconding has occurred send a RED CARD straight to the office/principal.

Please note: If the Principal is not on site, the issue must be managed by the teacher on duty, with the second teacher to supervise all students.

Recording Behaviour

Teachers are encouraged to record positive and negative behaviours in their day books and on EBS as required. Please record the date, time, student action and outcome that occurred.

If a student is sent to a buddy class they are to complete a reflection form and the teacher is to document the incident as soon as possible.

Reflection Worksheet

These worksheets are to allow the student to reflect on the incident that occurred and work on creating a plan to prevent it from happening again. This worksheet is to be discussed **with** the student who was sent to a Buddy Class upon their return. This allows the teacher to speak with the student about the inappropriate behaviour, determine a further course of action and identify any concerns or problems the student may be facing. These reflection forms are to be kept with the class teacher.

The Playground Behaviour Program is based on a whole school approach. It includes a behaviour management flowchart that aligns with the Behaviour Code for Students, as well as the school and department core values.

Management Strategies

Playground Teacher Clip Boards

- To be carried by teacher on duty at all times.
- Teachers are to manage all minor incidents on the playground using the Playground Behaviour Management Flowchart's strategies. These incidents must be managed in a timely manner.
- If a major incident occurs on the playground, teachers must fill out a Behaviour Report and pass on to the Principal as soon as possible so that they incident can be resolved.
- Teachers on duty are responsible for taking their clipboards out on duty with medical slips, a pen, behaviour monitoring sheet/reports and Llama tickets in them.
- Clipboards will contain red and yellow playground cards to signal for assistance needed from the office. **Yellow Card:** If there is a situation not urgent, but that requires assistance please send a child with a yellow card to the office. An available teacher, SLSO or Principal will assist. **Red Card:** If there is a situation on the playground where a serious incident involving violence, extreme aggressive behaviour, weapons, drugs or absconding has occurred send a RED CARD straight to the office/principal.
- NO STUDENT IS TO BE SENT TO THE FRONT OFFICE WITHOUT A MEDICAL SLIP FILLED OUT.

Playground Behaviour Management Flowchart

The Playground Behaviour Management Flowchart is to be used by teachers to make a decision, based student behaviours in the playground. Teachers are to follow the steps on the chart to ensure consistent practice across the school.

Positive Reinforcement

The teacher will ensure that a high level of specific praise will be given for positive behaviour in the playground with a Llama Ticket. (See the Llama Ticket incentive program for further detail).

Minor/ Major Behaviours and Management Strategies

The teacher will ensure high expectations are maintained on the playground, through adhering to the behaviours and strategies found in the Positive Behaviour Matrix and Behaviour Response Matrix. (See the Positive Behaviour Matrix and Behaviour Response Matrix for further detail).

Recording Behaviour

Minor incidents are to be recorded on the playground monitoring sheet. If incidents are ongoing, an Individual Behaviour Record may be required.

If a student has been involved in a major incident (as identified on Behaviour Response Matrix/ Playground Behaviour Management Flowchart) on the playground, the teacher is to fill out a Behaviour Report immediately and send the students involved and the report to the Principal.

Please note: If the Principal is not on site, the issue must be managed by the teacher on duty, with the second teacher to supervise all students.

Windellama PS Anti-Bullying Policy

Bullying is repeated verbal, physical, social or psychological behaviour that is harmful and involves the misuse of power by an individual or group towards one or more persons. Cyberbullying refers to bullying through information and communication technologies.

Bullying can involve humiliation, domination, intimidation, victimisation and all forms of harassment including that based on sex, race, disability, homosexuality or transgender. Bullying of any form or for any reason can have long-term effects on those involved including bystanders. Conflict or fights between equals or single incidents are not defined as bullying.

Schools exist in a society where incidents of bullying behaviour may occur. Preventing and responding to bullying behaviour in learning and working environments is a shared responsibility of all departmental staff, students, parents, caregivers and members of the wider school community.

All members of the school community contribute to the prevention of bullying by modelling and promoting appropriate behaviour and respectful relationships.

Statement of Purpose:

Students attend school to participate in quality education that will help them to become self-directed, lifelong learners who can create a positive future for themselves and the wider community. Any inappropriate behaviour that interferes with teaching and learning at the school and interferes with the wellbeing of students cannot be accepted.

Procedures for students/ parents to report bullying:

- Students are to report bullying to their classroom teacher or the playground duty teacher.
- Teachers ask for a recount of events from both students.

- Use logical reasoning to determine whether the report is of bullying, poor social skills or rule-breaking, bearing in mind that bullying is when there are repeated incidents.
- Every teacher will develop their own classroom strategies for reporting bullying
- If a parent feels that their child is getting bullied at school, they are encouraged to contact the school and speak to the child's teacher and/or the Principal.

Procedures for teachers following bullying report/ intervention plan for students:

- The teacher dealing with the incident is to follow up the case.
- Teachers are to address incidents of bullying quickly and efficiently, on notification, using the school's discipline policy.
- Playground duty teachers are to report incidents to classroom teachers after dealing with the incident.
- At staff meetings, specific cases of potential bullying behaviour can be raised. If it is determined that it is an ongoing issue between students resulting in bullying, the classroom teacher and/or the principal will discuss an appropriate plan to deal with the problem.
- Interventions for students may include: meetings with both students, parent phone calls, students being excluded from a specific area of the playground for a period of time or suspension.
- The teacher dealing with the issue will follow up the case to ensure that the bullying has stopped and both students are following school rules.

Monitoring and evaluating anti-bullying policy:

- Windellama Public School will conduct an annual survey of the school community to collect information about bullying at the school. The effectiveness of this anti-bullying plan will be evaluated at staff meetings at different intervals throughout the year.
- This anti-bullying plan can be amended, where appropriate, to reflect changes in the school and current teaching and learning practices.
